

PREMADE WATER SUCTION & DISCHARGE HOSES FOR RENTAL INDUSTRY

Water management is key to keeping construction jobs on schedule. Unwanted water or sewer becomes an immediate problem to be dealt with.

Water discharge hoses in variations from economical hoses for trash pumps to high quality hoses for long term sewer or water bypass; we have it all. Available in configuration from Bauer, Cam & Groove, Victaulic, Pin Lug Threaded, and Suction Strainer Baskets. We know your industry and know that's why we keep premade assemblies ready to ship, make us your first and only call.

PREMADE WATER SUCTION & DISCHARGE HOSES FOR THE RENTAL INDUSTRY

Rubberworx™ make a variety of water suction and discharge hoses to meet your application needs. Built with both suction and discharge constructions we offer everything from the most economical to the heaviest duty construction. Trust our assembly staff that are NAHAD certified and have years of experience with industrial hose fabrication.

Hoses are pressure tested and can be tagged with asset numbers. If you need a system for managing these assets, ask your local representative about our OnGuard™ asset management program or visit our website at www.hosesafety.com to learn more.
